

101-C

**CONFIDENTIAL**

19 October 1955

**MEMORANDUM FOR: DIRECTOR OF COMMUNICATIONS**

**SUBJECT : Infrared Communications System Development**

**REFERENCE : OC-5585, dated 29 September 1955**

1. The Technical Services Staff appreciates your investigation of the possibility of parallel effort in the development of infrared communications systems for Agency use. It is pleasing to note the favorable comments of your group concerning the equipment developed within the Agency. It is felt that the mutual cooperation between your Office and TSS has been pleasant and effective in this as well as other such conjunctive efforts.

2. The original proposal [redacted] for the short-range communications equipment has been modified as previously discussed with your Office. TSS initiated action with the Office of Logistics on contract for the work.
